# Easter Egg Hunt

Saturday, March 31

Skyway Park

Open to Cicero Children ages 3 to 9

This is one of our most popular events. We scatter close to 1500 plastic eggs, color code them for different age groups and then let the kids collect for prizes and candy! Plus, we know the kids will be especially ready this year - we had to cancel last year due to weather and field conditions. We have some making up to do for them! This event is free; however it is only open to children between the ages of 3 and 9 and who reside in Cicero.

## TO REGISTER:

Starting March 6th, email child's name, age and address to [jraddell@ciceronewyork.net](mailto:jraddell@ciceronewyork.net) or call 699-5233.

We also may be forced to cancel programs that do not register a minimum number of registrants.

# Club Rec Only

If your child needs medical, dental, health or hospital services, you as a parent must give permission. It is the law. What about times when you cannot be reached for permission? A child may be treated without parental consent when a physician demonstrates a true emergency exists. That means the doctor determines the child needs immediate medical care and that an attempt to obtain parental consent would result in a delay which would increase the risk to the child's life or health.

Except in a true emergency, care may be ordinarily rendered to a child only with the consent of the parent or legal guardian. Sometimes a child may need unexpected care which is not, however, a true emergency. In such cases, making an effort to contact a parent/legal guardian for permission can delay treatment and create unnecessary anxious moments for the child.

You can prepare for the unexpected care your children might need when you are away from home. To do this, make sure babysitters know how to reach you at all times. And when you know you will be hard to reach, you can give permission to other adults. They can then act for you by permitting your child to be treated if unexpected care is needed.

This is a legal document. With it you may appoint relatives, friends, teachers, clergy, neighbors - anyone who is over 18 years of age - to be responsible for your children when you are away from home. It is especially important to prepare this form for the occasions when you know it will be hard to contact you.

Fill out this form carefully. Have your signature witnessed by an adult different from the person you are making responsible for your children. After you complete this form, give it to the adult(s) you have named to act on your behalf. If your child needs unexpected medical treatment, the responsible adult(s) should present this document to the appropriate person - physician, dentist or hospital representative.
